

PEDIATRIC CARE • SUPPORTING • PARENTING
A Program of ZERO TO THREE

HealthySteps Logic Model

HealthySteps transforms the promise of pediatric care to improve the health and well-being of babies and young children so that they thrive in school and life. We set the standard by integrating a child development specialist into the primary care team to promote healthy relationships, foster positive parenting, strengthen early social and emotional development, and ensure access to services that address both child and family needs, with a particular emphasis on families living in low-income communities.

INPUTS

- HealthySteps Specialist (HSS), families, Physician Champion, and clinic staff, all working as a team
- Training, technical assistance, and ongoing professional development from the National Office
- Diverse funding streams

APPROACH

- Preventive
